

Yashraj Kastode

yashrajkastode@gmail.com — +91 8767770548 —  LinkedIn  GitHub  Codeforces (Rating: 1107)

Education

Integrated M.Tech – Artificial Intelligence

VIT Bhopal University, Bhopal

2022 – 2027

CGPA: 8.53

Technical Skills

Programming: C++, Python, JavaScript

Core CS: Data Structures & Algorithms, OOPS, Operating Systems, Computer Networks, DBMS

Backend / Web: Django, Django REST Framework

Tools / Platforms: Git, GitHub, Redis

ML / Libraries: NumPy, Pandas, TensorFlow, PyTorch, Hugging Face Transformers

Projects

Hindi AI Text Summarizer | Abstractive NLP System

[Link](#)

(*mT5, Django REST Framework, Celery, Redis*)

- Developed abstractive Hindi summarization pipeline using google/mt5-base Transformer, processing 500+ samples.
- Built 6+ REST API endpoints with Django REST Framework enabling scalable inference and system integration.
- Integrated Celery + Redis async task queue, improving responsiveness and reducing blocking latency by 40%.
- Enhanced coherence using beam search decoding, reducing repetition errors by 30%.

Med-Matrix | Full-Stack Drug Interaction Checker

[Link](#)

(*Django REST Framework, Tailwind CSS, Gunicorn*)

- Migrated backend from Flask to Django REST and implemented 10+ secure API endpoints.
- Designed salt comparison algorithm detecting drug interactions across 100+ medicines and 300+ salts.
- Developed responsive frontend using Tailwind CSS with autocomplete search, reducing lookup time by 60%.
- Deployed application using Gunicorn + Procfile, improving stability and production readiness.

Hashtakshar | Indian Sign Language Recognition

[Link](#)

(*MediaPipe, OpenCV, TensorFlow, PyTorch*)

- Created dataset of 1000+ labeled samples of Indian Sign Language gestures for model training and validation.
- Extracted skeletal keypoints using MediaPipe and optimized preprocessing pipeline using OpenCV for real-time inference.
- Implemented deep learning classification model using TensorFlow/PyTorch achieving 90% recognition accuracy.
- Optimized pipeline to achieve 15+ FPS supporting near real-time gesture translation workflow.

Achievements

- **Microsoft Office Specialist: PowerPoint 2013 (Microsoft Certified)** – May 2019 [Badge Link]

Leadership & Extracurriculars

- **President & Founder**, Eureka Club – VIT Bhopal
- **Volunteer**, AI Conclave 2.0 – AI Club, VIT Bhopal
